

GENERAL EXCHANGE SERVICE TARIFFS

CATV POLE ATTACHMENT ARRANGEMENTSGENERAL

This tariff contains regulations and charges applicable to the provision of attachment space for cable television facilities on poles of Thacker-Grigsby Telephone Company, Inc., (hereinafter called the Company.)

The terms and conditions contained herein apply where the CATV operator, as a customer of the Company, proposes to install television distribution cables, amplifiers and drop wires, wires and appliances together with associated cable messengers and other appurtenances (hereinafter collectively called the "equipment") and desires to attach such equipment to poles of the Company.

INSTALLATION AND MAINTENANCE OF CATV EQUIPMENT

At least thirty (30) days prior to the time the CATV company desires to attach its equipment to any of the Company's poles, the CATV operator shall make written application on the form prescribed by the Company. The Company shall in turn, notify the CATV company in writing of its permission to allow the installation.

Upon notification by the Company of its permission for pole space to be used by the CATV company, the CATV company shall have the right to install, maintain and use its equipment described in its application, upon the poles identified in its application. Before commencing any installation, the CATV company shall notify the Company of the time when it proposes to do such work sufficiently in advance so that the Company may arrange to have any necessary representative present when such work is performed. In the event the presence of a Company representative is required, the CATV company shall reimburse the Company for the cost and expense of such.

CATV POLE ATTACHMENT ARRANGEMENTS (Continued)

N

The Company may make periodic inspections as conditions may warrant. Such inspections shall not operate to relieve the CATV company of any responsibility, obligation, or liability assumed under this tariff. When substandard installations are found which are created by the CATV operator, the Company shall give notice of such to the CATV company, and the CATV company shall remedy such conditions within a reasonable time as directed by the Company. In the event the CATV company fails to remedy the condition within the time prescribed, the Company may act to remedy it with the cost of such to be paid by the CATV company.

After initial attachment, when the Company subsequently requires a change in its poles or attachments thereto for reasons unrelated to CATV operations, the CATV company shall be given reasonable notice of the changes required and sufficient time to accomplish the CATV related change. If the CATV operator is unable or unwilling to meet the Company's time schedule for changes in attachments, the Company may do the work and charge the CATV company its reasonable costs for performing the change of CATV equipment.

The CATV company shall, at its sole risk and expense, maintain all of its equipment on Company poles in safe condition and in thorough repair.

LIMITATIONS

The CATV company shall not assign, transfer or sublet any rights to make pole attachments hereunder without the prior written consent of the Company.

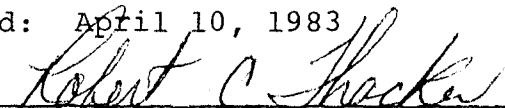

No use, however extended, of the Company's poles under this tariff shall create or vest in the CATV company any ownership or property right in said poles. Nothing herein contained shall be construed to compel the Company to maintain any of its facilities for a period longer than that demanded by its own service requirements.

INDEMNITY AND INSURANCE

The CATV company shall maintain in full force and effect the following insurance policies or bond in lieu thereof providing an equivalent protection: (1) Workers' Compensation and Occupational Disease covering the CATV company's full liability under the Workers' Compensation Laws of the Commonwealth of Kentucky. This shall include Employer's Liability insurance in the amount of \$100,000. (2) Comprehensive General Liability insurance in the amounts of \$1,000,000 Combined Single Limits or \$1,000,000 each occurrence, and \$1,000,000 aggregate for any accident resulting in bodily injuries to or the death of one or more persons and the consequential damages arising therefrom together with Property Damage Liability in the amount of \$500,000 each occurrence, with an aggregate total limit of \$500,000.

All policies of insurance shall contain written endorsements to the effect that the amount of coverage of the insurance provided thereby will not be reduced or terminated without thirty (30) days written notice first being given to the Company. Certificates of insurance, incorporating the above described endorsement, shall be delivered to a designated officer of the Company and shall be approved by the Company before the CATV firm is permitted to perform any work authorized pursuant to this tariff. Failure of the CATV company to provide notice of renewals, changes in carrier, or reduction in or termination of insurance coverage will be just cause for the Company to terminate the CATV company's rights to continue its pole attachments. If renewal premiums are not paid by the CATV company prior to said 30-day notice, the Company shall have the right to pay said premiums and be reimbursed by the CATV company upon demand.

The CATV operator shall properly notify the Company of all claims and potential claims relating to damage to property or injury to or death of persons arising or alleged to have arisen in any manner by or associated with, directly or indirectly, the presence or use of the CATV company's equipment upon or within any facility of the Company.

CATV POLE ATTACHMENT ARRANGEMENTS (Continued)

N

The CATV company shall exercise special precautions to avoid damage to facilities of the Company on said poles and hereby assumes all responsibility for any and all loss for such damage. The CATV company shall make an immediate report to the telephone company of the occurrence of any such damage and shall reimburse the company for the expense incurred in making repairs necessitated thereby.

SURETY

The CATV company shall furnish a bond for each individual CATV system utilizing pole attachments under this tariff to guarantee the payment of any sum which may become due to the Company for rental, penalty, and make-ready charges and work performed by the Company, pursuant to this tariff, for the benefit of the CATV company or as a result of default or forfeiture by the CATV company. The amount of such bond shall be based upon the following:

- (1) For attachments to 500 poles or less, a bond of \$5,000 shall be furnished, except as provided in (3) below.
- (2) For attachments to poles in excess of 500, further surety in the amount of \$5,000 for each additional 500 poles, or increment thereof, shall be furnished except as provided in (3) below.
- (3) After one year following the completion of construction of an individual CATV system and its placement into operation, the CATV operator may request that the required amount of bond be reduced. Upon the Company's receipt of satisfactory evidence that all mechanics, workmen and material men who furnished services, labor or materials in the construction of such CATV system, and all taxing authorities, have been paid all amounts due them, the Company will reduce the amount of bond required to the following:
 - (a) For attachments to 500 poles or less, a bond of \$2,000 shall be furnished.
 - (b) For attachments to poles in excess of 500, further surety in the amount of \$2,000 for each 500 poles, or increment thereof, shall be furnished.

FLAT-RATE AREA CALLING SERVICE

1. Description of Service - Flat-Rate Area Calling Service is an optional service which allows customers in a given exchange to originate calls to one or more exchanges without the application of long distance message telecommunications charges. Customers pay a monthly recurring flat rate charge which will allow calling into their extended local calling scope with no additional charges. Initial availability of the service in each exchange is determined by Thacker-Grigsby Telephone Company, Inc.
2. The exchanges in which Flat-Rate Area Calling is offered and the exchanges comprising the extended local calling scope for each exchange are listed below.

MEASURED EXTENDED AREA CALLING

1. Description of Service - Measured Extended Area Calling Service is an optional service which allows customers in a given exchange to originate calls to one or more exchanges without the application of long distance telecommunications charges. Customers pay a monthly recurring flat rate charge and per minute of use charges for calling into their extended local calling scope. Initial availability of the service in each exchange is determined by Thacker-Grigsby.
2. The exchanges in which Measured Extended Area Calling is offered and the exchanges comprising the extended local calling scope for each exchange are listed below.

Usage Charges

Calls into the Extended Local Calling Scope will incur per minute of use charges. This will not affect calling within the local calling area. Local calls will not incur per minute of use charges. Usage charges will be distance sensitive and time-of-day sensitive, and will be applied to each minute of use.

BY: Jordan C. Neel
FOR THE PUBLIC SERVICE COMMISSION

The per minute of use charge rates will depend on the time in which the call occurs and the location to which the call is terminated. The rates are charged in increments of an initial rate period of one minute and additional minutes. The initial rate period is for connections of one minute or any fraction thereof. Each additional minute is billed on a per minute of use or any fraction thereof that the connection continues beyond the initial rate period. If a call is initiated in one rate period and continues into another rate period, the per minute charges will change accordingly for any minutes occurring in the next rate period.

Minute of Use Charges

Distance ¹	STANDARD		DISCOUNT	
	1st Minute	Add'l Minute	1st Minute	Add'l Minute
0-10 Miles	.05	.03	.025	.015
11-16 Miles	.07	.05	.035	.025
17+ Miles	.10	.08	.05	.04

¹Distance is the airline mileage from rate center to rate center V&H measurements which is equivalent to the mileage measurement for long distance calls.

INTRALATA PRIVATE LINE TARIFFS

A. Thacker-Grigsby Telephone Company, Inc. concurs in the rates, rules and regulations governing Intralata Private Line Service as filed by South Central Bell in its PSC KY Tariff No. 2B and General Telephone Company in its PSC KY Tariff No. 2B. Thacker-Grigsby's concurrence is by individual circuit governed by which company (South Central Bell or GTE) bills the circuit. This concurrence is for interexchange circuits only.

B. Thacker-Grigsby extends this concurrence to any and all changes which may be made in these tariffs subsequent to this date.

C. Thacker-Grigsby hereby expressly reserves the right to cancel and make void this statement of concurrence at any such time as it appears that such cancellation is in the best interest of Thacker-Grigsby Telephone Company, Inc.

II. GENERAL REGULATIONS (Continued)

G. Advance Payments

1. Applicants for service who have no account with the Telephone Company or whose financial responsibility is not a matter of general knowledge, may be required to make an advance payment at the time the application is signed, equal to any construction charges applicable and at least one month's estimated charges for the service provided.
2. The amount of the advance payment is credited to the customer's account as applying to any indebtedness under the contract.

H. Payment for Service

The customer is required to pay all charges for service in accordance with the Telephone Company's regular billing and collection practices.

I. Deposits

The Telephone Company may, in order to safeguard its interest, require an applicant or a customer to make a suitable deposit to be held by the Telephone Company as a guarantee of the payment of charges. The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Telephone Company's regulations as to advance payments and the prompt payment of bills on presentation. At such time as the contract is terminated, the amount of the deposit is credited to the customer's account and any credit balance which may remain is refunded. At the option of the Telephone Company, such a deposit may be refunded or credited to the customer at any time prior to termination of the contract. In case of a cash deposit, simple interest at the legal rate is paid for the period during which the deposit is held by the Telephone Company, provided the period is thirty days or more.

II. GENERAL REGULATIONS (Continued)

J. Cancellation for Cause

Upon nonpayment of any sum due the Telephone Company or upon a violation of any of the conditions governing the furnishing of a service or upon the use of any service for the purpose of performing any service in competition with the service which the Telephone Company or its connecting carriers may now or hereafter furnish the Telephone Company may, by notice in writing to the customer without incurring any liability, forthwith discontinue the furnishing of said service and terminate the contract.

K. Application of Construction Charges

When special construction for individual customers is necessary, special construction charges may apply as set forth in the Construction and Installation Charges Part of the General Exchange Tariff.

II. METHOD OF APPLYING RATES

Insofar as our Company does not perform any toll operating, our Company concurs in the method of applying rates as filed in the Tariff of the Bell Company.

IV. TWO POINT SERVICE

A. Classes of Service

Two classes of message toll telephone service are offered, namely, station-to-station service and person-to-person service. For each class of service, Day, Night and Sunday rates apply as follows:

1. Day rates

Day rates apply from 4:30 a.m. to, but not including, 6:00 p.m. on all days except Sundays, Christmas, Thanksgiving and New Years Day.

2. Night and Sunday rates (reduced rates)

Night rates apply daily from 6:00 p.m. to, but not including 4:30 a.m. Sunday rates apply on Sundays from 4:30 a.m. to, but not including 6:00 p.m.

IV. TWO POINT SERVICE (Continued)

B. Station-to-Station Service

Station-to-Station service is that service under which the person originating the call gives only the telephone number of the station or branch exchange system desired or the name and address under which the telephone is listed and does not specify a particular person or branch exchange station to be reached at the called point.

C. Person-to-Person Service

Person-to-Person service is that service under which the person originating the call specifies a particular person to be reached at the called point or a particular station, department, office or branch reached through a branch exchange:

1. Where the person originating the call wishes arrangements made in advance with a particular party or station for the establishment of a connection at a specified time (appointment call), the call is classified as person-to-person.
2. When it is necessary for the Telephone Company to employ a messenger or other means to bring the called party to a telephone associated with the Telephone Company or its connecting carriers, the call is classified as person-to-person and, in addition to the charges for the message, a charge is made for the exact amount expended, if any, for messenger service.

D. Collection of Charges

1. Charges for all classes of telephone calls are billed against or collected from the calling telephone in all cases, except that upon request toll charges may be:
 - a. Billed against or collected from the called telephone (i.e., charges may be reversed) if the charges are accepted at the called station.

E. Time of Day

1. The time of day when conversation actually starts, determined in accordance with the time system--standard or daylight saving--legally or commonly in use at the point where the calling station is located, determines whether day, night or Sunday rates apply. This rule applies irrespective of whether the call is sent paid or collect.

E. Time of Day (Continued)

- a. In cases where a message begins in one rate period and ends in another, the rate in effect at the time conversation starts applies to the entire conversation.

F. Initial and Overtime Periods

1. Message toll rates are quoted in terms of initial and overtime periods.
 - a. The initial period is the interval of time allowed at the rate quoted for a toll connection between given points.
 - b. The overtime period is the unit of time used for measuring and charging for time in excess of the initial period.
2. Timing of Messages
 - a. Length of conversation is the elapsed time between the start and the end of the telephone communication.
 - b. On calls placed on a station-to-station basis, conversation is considered as starting at the time telephonic communication is established between the calling station and the called station.
 - c. On calls placed on a person-to-person basis, conversation is considered as starting at the time telephonic communication is established between the person calling and the particular person called or another party acceptable to the person calling, or the private branch exchange extension station called.
 - d. On all calls, conversation is considered as terminated at the time the disconnect signal is received by the operator handling the call.

G. Initial and Overtime Period Rates

Insofar as our Company does not perform any toll operating, our Company concurs in the filed Bell Tariff rates for long distance service.
